*Each of our candles contains hand-poured wax with a single cotton wick. Each scent is carefully selected to infuse your home.*

*For best results, please keep the wick clean and trimmed to 5mm before lighting and re-lighting. Always burn the candle long enough to allow the wax to melt and to prevent it from tunnelling. Ensure that the candle is placed on a suitable heat resistant surface and do not burn down to the base.*

*The approximate burn time is 30 hours.  
Net weight ~ 250g.*
